

## **Pearl River Gun Club Youth Programs**

**One of the core missions of the Pearl River Gun Club (“PRGC”) is to encourage interest in the shooting sports and support of the Second Amendment by future generations of Americans so that our great traditions will not be lost.**

**In keeping with our mission the PRGC conducts evening programs designed to teach young people the basics of gun safety and shooting techniques.**

**Currently these programs are held on a Thursday and Monday evening once each month. In addition, a Sunday Trap shooting program is held as permitted by weather and field availability. The content of these programs is subject to changes and variability based on the interest of the participants and availability of instructors.**

**All programs are open to both male and female students interested in the shooting sports and are provided free of any charge by the PRGC. All participants are required to complete an application and waiver, copies of which will be furnished upon request.**
